

town of Delagua from the hills and killed three men. They have dynamited and burned the buildings and equipment of the Empire, Southwestern and Green Canon mines at Aguilar. They have driven mine and women and children into the hills and scolded the entrance with explosives.

"After the declaration of a truce agreed to between the governor and Hawkins, attorney for the United Mine Workers of America, they drove the postmaster and others from the Sunnyside mine and took possession of it as well as the Pictou mine. They dynamited the Pictou mine, the McLaughlin mine and fired many shots into the buildings at Matland. They forcibly entered the store, killed seven men and carried away guns and ammunition. They attacked the buildings and dwelling houses at the Chandler mine and kept up a murderous fire from the hills for nearly forty hours, killing one man, and finally took possession of the mine by slipping in a number of men under a white flag.

#### Record of Destruction.

"They have burned, dynamited and completely destroyed the McNally mine in Huertano county, kept up an almost continuous fire from interchangers for fifty hours upon the Walsen mine, wounded one woman, killed and wounded four men and killed a surgeon wearing a Red Cross insignia while attending a wounded soldier on the field. They viciously attacked the Hecla mine in Boulder county, killed one man, wounded three men and drove all employees and their families to cover for many hours. They attacked the Forbes mine in Los Animas county with a force of 400 armed men, killed seven miners, including four Japanese, burned everything in sight, including a stable and thirty-three mules. In the prosecution of their campaign of extermination the foregoing are some of the things those men have done during the past few days with the aid of the personal direction and control of officers and paid agents of the United Mine Workers.

"As before stated, the coal mine operators of this state have now in their hands about 100,000 men who are satisfied with the condition of their employment. We promised these men that if a strike was called, and they have stood loyally by their employers and under the circumstances, understanding the dangers and privations incident to the recent armed attacks of the strikers upon them and their homes. With these men we will always treat concerning matters affecting their welfare, but we cannot enter into negotiations with any character of the officers and agents of the United Mine Workers of America, who alone are responsible for the terrible signs of disorder and bloodshed which has disgraced this state.

#### Duty of Union Officials.

"Instead of it being our duty so to do, we conceive it to be the duty of the officials of the United Mine Workers of America who called the strike to call it off. They can do so if they see fit and by doing so they will, within an hour, in a great measure, restore peace and prosperity to this state. In no event will the American people, when fully advised, long permit the 1,500 armed strikers to continue their unlawful efforts to prevent 10,000 law-abiding and industrious men from working for whom, when upon such terms as they see fit.

"Arbitration, regardless of who is to be the arbitrator, is a necessary evil. In answer to J. F. Weiborn, the man whom J. D. Rockefeller relies on implicitly, according to Rockefeller's committee, to handle the coal mine situation, wired back to Representative Foster Friday, quoting correspondence from Gov. Ammons and some of the mine presidents in November.

#### Governor Makes Suggestion.

"The governor quoted the law which allows workers freedom of choice as to joining unions or not, according to the Weiborn telegram, and then said: 'I am leaving in mind the discussion on the other part of the suggestion, the following as a satisfactory solution: "The employment of a check system, as provided by law, giving the miners themselves the right to employ their own check system, carrying out the good faith of the statute making unlawful to use or employ, directly or indirectly, the so-called "truck" or "scrip" system of payment, and the enforcement of the law for an eight-hour day in all underground mines and on the surface, as well as in the coal mines of this state in 1913; that all employees shall have the right to buy where they will without interference or coercion of the mine owners, giving the employees shall have a semi-monthly pay day according to the custom now prevailing in the coal mines of this state; that all employees shall have the right to board where they please; the present of the officers and members of the employees; that all employees now in strike shall be given employment except where their places have been filled, or where they have been guilty of violence or other unlawful acts, and that where places have been filled, other work will be furnished as soon as practicable. Respectfully submitted, Signed, Elias M. Ammons, governor."

#### Reply of the Operators.

"The operators accepted the suggestion of the governor. Representative Foster reports, "and invited their employees to return to work upon the conditions named in their letter of acceptance to Gov. Ammons read."

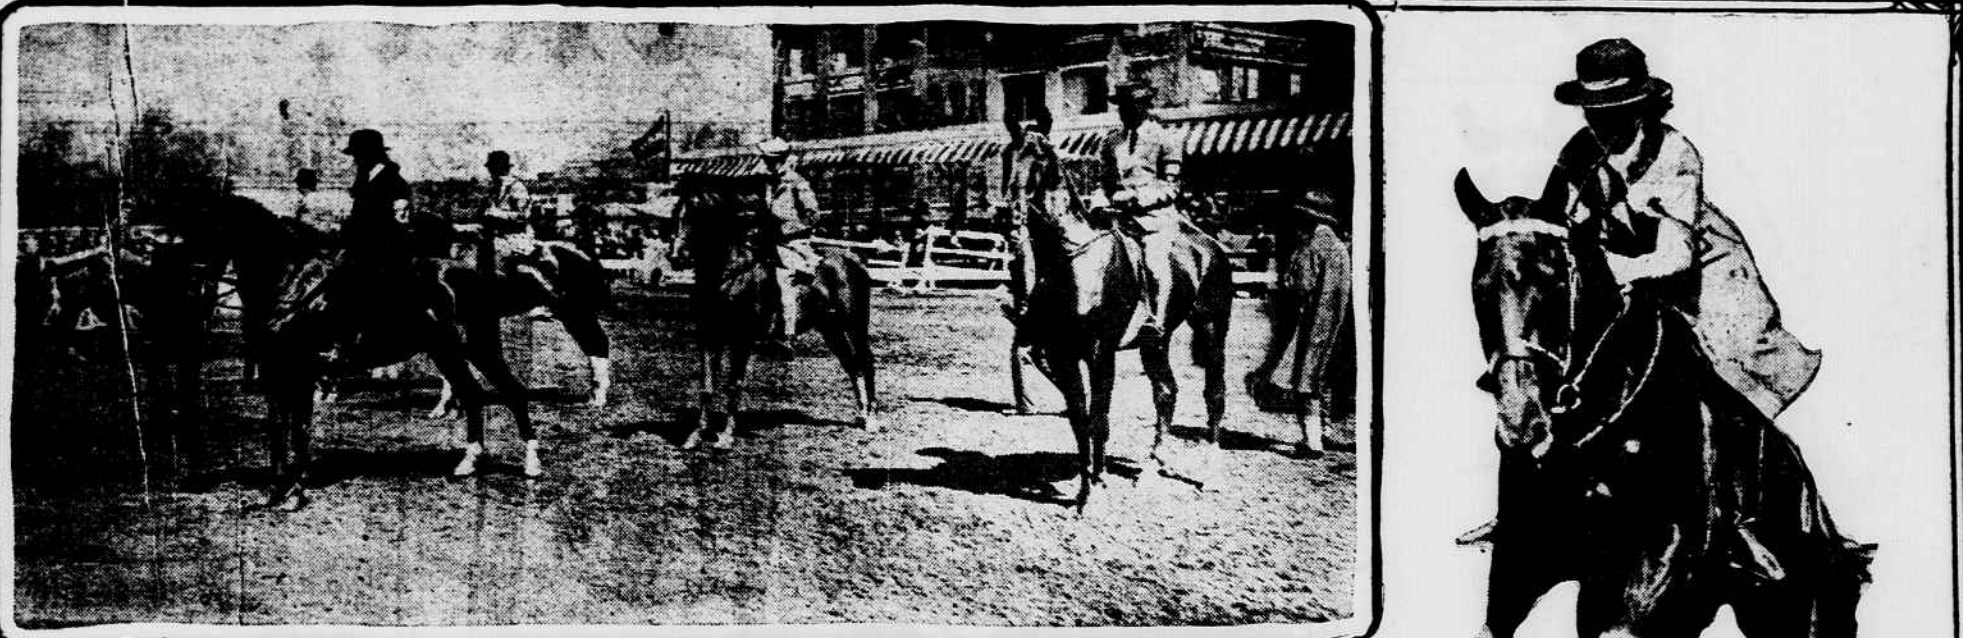

"We are in receipt of your letter of this date and hereby accept your suggestions for a termination of the strike of our former employees. We invite them to return to work on the terms mentioned by you and assure you and our former employees that we will conform in good faith to all the suggestions contained in your letter."

"The strikers refused to accept the terms of settlement proposed by the governor and approved by the operators, and the disorder and bloodshed in this state since November 27 has been due to the attitude of the operators and members of the United Mine Workers of America. We still consider the plan of the governor locally and industrially sound and have never retracted our former approval thereof."

"Representative Foster then made one more effort. He telegraphed to J. F. Weiborn last night:

"I have always understood that the reasons the miners refused to accept the suggestions of settlement of strike

## FAMOUS STABLES COMPETE AT HORSE SHOW OPENING.

JUDGING THE GREEN HUNTERS' CLASS.

offered by the governor was because they did not provide a means whereby the miners could present their grievances. William Green, secretary-treasurer of the United Mine Workers of America, in signed and published statement, says that the question of unionizing the mines is not the issue. Why cannot all other questions now be submitted to arbitration, regardless of the failure to adjust differences in the past?"

No answer had been received up to a late hour last night.

### STUDY FOR PARENTS RATHER THAN CHILDREN

Federation of Citizens' Associations Discusses Sex Hygiene in Public Schools.

That the teaching of sex hygiene in the public schools of the District of Columbia should be given careful consideration was the sentiment of the Federation of Citizens' Associations at the last meeting of the season, last night, in the rooms of the Chamber of Commerce.

A resolution on the subject, which was adopted by the Connecticut Avenue Citizens' Association and presented to the Federation of Citizens' Associations at the April meeting, was brought up for a vote.

If the subject is introduced into the schools, it was suggested, it ought to be taught only in the high schools, and then to the sexes separately, and more lasting result, it was urged, would be obtained if the hearers of lectures on the subject were the parents themselves, rather than school children.

A resolution from the Potomac Citizens' Association, recommending that 13th street northwest be extended from its present terminus to the Piney Branch road, was referred to the committee on streets.

### BELL IS MADE BRIGADIER.

Colonel of Infantry Selected for Gen. Bell's Place.

Col. George Bell, Jr., commanding the 16th Infantry, at El Paso, Tex., has been appointed a brigadier general, to fill the vacancy caused by the recent retirement of Gen. Ramsey D. Potts.

Gen. Bell was born in Maryland, January 29, 1859, and was appointed a cadet at the United States Military Academy. He was graduated in June, 1880, and appointed second lieutenant in the 3d Infantry. With the exception of two details to the inspector general's department his entire service of thirty-four years has been in the infantry arm. He has been attached to the 1st, 3d, 10th, 12th and 16th Regiments. He became colonel of infantry in March, 1913, and has been in command of the 16th Infantry since May of that year.

### AFTER STANDARD OIL.

Representative Ferris Proposes Probe of Oklahoma Conditions.

Chairman Ferris of the House public lands committee yesterday introduced a resolution to create a select committee of seven representatives to investigate and report whether the Standard Oil Company, owning and controlling all oil pipelines in Oklahoma, has violated the anti-trust law.

The resolution says 130,000 government allottees have lands containing valuable oil deposits, that the Standard Oil Company refuses to transport the oil products from the Indian lands, and has reduced the price of oil from \$1.06 to 50 cents a barrel. It charges that the Standard Oil has secured a complete monopoly in oil, and has adopted oppressive methods.

The resolution was referred to the rules committee.

### Smart Gowns Worn.

Mrs. Richard Townsend wore a stylish black suit, with a black toque trimmed with mink ribbon.

Mrs. Peter G. Gerry wore a dark blue coat with facings of black and white satin on the collar and cuffs, and a black lace hat.

Mme. de Riano was also in dark blue, with a black and white striped hat. She wore a smart black sailor hat, trimmed with ribbon.

Mrs. Marion Fitzner wore a black and white tulle ruche, and a black hat, trimmed with ostrich feathers.

Mrs. Leonard Wood wore a black and white check suit with a black ostrich

GENERAL VIEW OF THE SHOW GROUNDS.

## FAMOUS STABLES IN COMPETITION

(Continued from First Page.)

Melvin C. Hazen, balked at the arrangement and refused to act as one of the judges. The riders in the cornucopia class appeared in full hunting livery. The winner, in addition to receiving a prize of \$20, was awarded a massive silver loving cup, presented by Miss Ethel MacCurry.

### In the Boxes.

Col. and Mrs. Robert M. Thompson entertained a party in their box, which included Gen. and Mrs. Leonard Wood and Mrs. Joseph Rucker Lamar.

Mr. and Mrs. J. William Henry had Mrs. McKee of New York, Mrs. Arthur Lee and Miss Judge in their box.

Mrs. John Rodgers were a dark blue crepe motor dress with a black hat, and Mrs. Buchanan Merriman.

Medical Director and Mrs. Nash entertained a party in their box, which included Mrs. Stanley, Mrs. Claude, Mrs. Le Breton, Mrs. L. B. McBride, Miss Kingsbury and Mrs. Carolyn Nash.

Mrs. John Rodgers were a dark blue crepe motor dress with a black hat, and Mrs. Buchanan Merriman.

Gen. James Buchanan and Miss Buchanan had the latter's cousin, Miss Dunn of Baltimore, and Gen. Allen.

The German ambassador and Mrs. Fatten were among the guests in Mrs. Leonard Townsend's box.

Mrs. Edward B. McLean had with her in her box Mrs. Thomas P. Walsh, Mme. Haventh and Mme. Vassiliou.

Mrs. Horace Westcott was with her mother, Mrs. John Rodgers, and her party.

Dr. and Mrs. J. Breckinridge Bayne had Mrs. Perry Heath wore a brown taffeta suit with a black hat trimmed with gaurah feathers.

Mrs. Charles Boughton Wood had Mr. and Mrs. Preston D. Thornton, Mrs. Mary Morgan and Mr. Rutherford Bingham in her box.

Mr. and Mrs. William Littauer had Mrs. Charles Grayson Dulin had with her party, Mrs. Dibley of Texas, Mrs. John A. Logan, Mrs. Archibald Gracie, Mrs. Trumbull and Miss Beattie.

Miss Wilson Present.

Miss Margaret Wilson, daughter of the President and Mrs. Wilson, came late in the afternoon wearing a suit of blue corded silk. Her black straw hat was trimmed with a band of blue velvet ribbon encircling the crown and tied at the back in a soft bow, and had two deep black roses directed in the front. Dr. Grayson, U. S. N., who rode early in the day, joined Mrs. Wilson in the President's box and remained during her stay.

Smart Gowns Worn.

Mrs. Richard Townsend wore a stylish black suit, with a black toque trimmed with mink ribbon.

Mrs. Peter G. Gerry wore a dark blue coat with facings of black and white satin on the collar and cuffs, and a black lace hat.

Mme. de Riano was also in dark blue, with a black and white striped hat. She wore a smart black sailor hat, trimmed with ribbon.

Mrs. Marion Fitzner wore a black and white tulle ruche, and a black hat, trimmed with ostrich feathers.

Mrs. Leonard Wood wore a black and white check suit with a black ostrich

## CAUSE

The Evening Star with its ONE EDITION is believed to have double the combined paid circulation in Washington of the two afternoon editions of its evening competitor.

## EFFECT

The Star frequently prints more advertising than all three of the other daily papers combined.

## WEEKLY CIRCULATION STATEMENT.

1914.

Saturday, April 25.....73,786

Sunday, April 26.....53,344

Monday, April 27.....73,275

Tuesday, April 28.....72,630

Wednesday, April 29.....71,971

Thursday, April 30.....71,065

Friday, May 1.....70,533

## AFFIDAVIT.

I solemnly swear that the above statement represents only the number of copies of THE EVENING AND SUNDAY STAR circulated during the several days ending May 1, 1914, and that the number of copies actually sold, delivered, furnished or mailed, for valuable consideration, to bona fide purchasers or subscribers—and that the copies so counted are not returnable to or do not remain in the office unsold, except in the case of papers sent to out-of-town agents and from whom a few returns of unsold papers have not yet been received.

FLEMING NEWBOLD, Business Manager.

The Evening Star Newspaper Company.

District of Columbia, ss: Subscribed and sworn to before me this second day of May, A.D. 1914.

(Seal) E. E. RAMEY, Notary Public.

## STUDENTS' VISIT ENDED, PARTY RETURNS HOME

High School Boys and Girls of Bristol, Pa., Inspect Nation's Capital.

The delegation of high school students from Bristol, Pa., who spent the last three days in this city visiting the public buildings and various other places of interest, left for their homes yesterday. Sixteen young high school misses and four boys comprised the party, which was chaperoned by three teachers—Miss Mary Vanuxem, Miss Rachel Bartine and Miss Bertha Hetherington.

Trips to Mount Vernon and Arlington were features of the stay here. Friday evening the president of the Bristol school board, William V. Leach, gave the young people a box party at the Belasco Theater, coming from Bristol to Washington especially for the purpose.

Visit the White House.

While here the party was shown many favors by official and residential Washington. The most pleasing probably was the inspection of the White House permitted by President Wilson.

Washington and return was made in a special parlor car.

The party included Misses Mary Buckley, Beatrice Bracken, Ruth Updyke, Jean Williams, Emily Trott, Agnes Barton, Gertrude Loftis, Lois Watt, Clara Johnson, Amy Valentine, Sarah Jane, Wilfred Callahan, Marion Randall, Sallie Lunderbough, Elizabeth Wilkinson and Margaret Irwin, and Messrs. Francis Callahan, Freeman Baylies, Ralph Radcliffe and Ralph Scheffey.

COL. ROOSEVELT GRATEFUL.

Thanks Brazilian Government for Its Generous Solicitude.

RIO DE JANEIRO, Brazil, May 2.—Theodore Roosevelt has sent a dispatch from Manaus to Dr. Lauro Muller, the Brazilian minister of foreign affairs, thanking him and the Brazilian government for its generous solicitude during his stay in South America.

Mr. Roosevelt reached Manaus April 30 at the end of an extended trip through the unexplored interior of Brazil and he left Manaus yesterday on the steamer Amazon River.

In his communication to the foreign minister, Mr. Roosevelt says:

"Our journey was one of hardship, and at times dangerous, but it was very successful. For thirty-five days we struggled with the rapids of the river; for forty-eight days we were out of sight of human habitations. We followed the course of the river for over 300 miles. Mr. Roosevelt will go down to Para, at the mouth of the Amazon, on the Dunstan. At Para he will turn to the steamer Panamara for Barbados.

ARGENTINA'S FIRST EMBASSY.

Spain First to Raise Legation to Higher Rank.

King Alfonso has signed the decree raising the Spanish legation in Argentina to the rank of embassy, according to official advices received here last night.

It will be the first embassy in Buenos Aires. The Argentine government is expected to take prompt action in reciprocating.

This is regarded in diplomatic circles as particularly significant, in view of the untiring efforts of Spain to procure the closest possible relations with her former colonies in America. It is believed here that other European powers will follow suit.

While the announcement was made several months ago by Secretary Bryan that the American legation in Buenos Aires would be made an embassy, the bill providing for this has not yet passed the House. It was approved recently by the Senate and reported favorably to the House some time ago, but has not yet been called up for final passage.

## HIKES HAPPED OUT FOR WOODS-OVERS

Wanderlusters Off Today for Tramps Through Fields to Great Falls.

WILL STUDY NATURE ON BANKS OF THE POTOMAC

Afternoon Route Lies on Virginia Shore, Starting at Aqueduct Bridge.

## TWO HIKES TODAY.

Two hikes are to be made by the Wanderlusters of Washington today. A general invitation has been extended to all who care to make either of the trips. They are as follows:

Morning hike, starting at Georgetown terminus of Great Falls line and ending at Great Falls. Leave at 7:45 a.m. Fare of 35 cents required.

Afternoon hike, starting from Virginia side of Aqueduct bridge at 2:30 and going along Virginia shore of Potomac. City car fare only necessary.

The wanderlusters are to be afoot early today. They are to go to the Virginia shore of the Potomac, Windy Run and Cherry, where they are going into the woods to enjoy the scenery, to breathe the real country air, to hear the birds sing and to see nature in her finest and cleanest spring garb. Hundreds of enthusiastic wanderlusters who enjoyed the other hikes will be there in full force, and they will have their friends with them.

There is no need of a special invitation that may go, no special invitations issued to anybody, just a general invitation to every one, to join the wanderlusters on their hike into the wilds. The wanderlusters have nothing to sell, nothing to give away, nothing to advertise. They are just enthusiastic, nature-loving, outdoor-loving persons, who have learned to appreciate the good things there are in the line of scenery, who have learned the value of open air exercise, and they want everybody to "get in on it."

To a Star reporter last night Chief Wanderluster John Boyle said: "If we have personally inspected the trail which the wanderlusters will hike tomorrow. For beauty and diversity of scenery, there is no place in the Potomac country more beautiful than the Potomac. It lays almost at our very doors, and yet comparatively few persons have ever made this hike. Leaving the city at 7:45, we go to the Potomac, where we will follow the river down to the heavily wooded trail down to the river bank. Here we get a beautiful view of the Potomac. We then proceed leisurely along a well beaten trail which skirts the river bank. It is a beautiful hike, and we will take an abundance of time to cover this part of the hike. One and a half miles from the starting point is a very run. Here we leave the river and enter the timber to proceed up the run. Few persons ever visit the beautiful valley of Windy Run, but there is no prettier spot, at this time of year, so near Washington. Continuing up the banks of the run, we finally arrive at the terminus of the hike, Great Falls and Old Dominion railway, a total distance of four miles. Those of the party who wish can then return directly to the city. The hike will be a most enjoyable one, and it will be mainly devoted to nature studies, the birds, plants, insects, etc. It will be in charge of Wanderluster Titus Ulke, who is especially skilled in field work on these subjects, and who has scouted a great deal around Difficult Run. Here we leave the river and enter the timber to proceed up the run. Few persons ever visit the beautiful valley of Windy Run, but there is no prettier spot, at this time of year, so near Washington. Continuing up the banks of the run, we finally arrive at the terminus of the hike, Great Falls and Old Dominion railway, a total distance of four miles. Continuing up the banks of the run, we finally arrive at the terminus of the hike, Great Falls and Old Dominion railway, a total distance of four miles. Those of the party who wish can then return directly to the city. The hike will be a most enjoyable one, and it will be mainly devoted to nature studies, the birds, plants, insects, etc. It will be in charge of Wanderluster Titus Ulke, who is especially skilled in field work on these subjects, and who has scouted a great deal around Difficult Run
